Dr. Randal C. Dickerson, director

In the past few years the Blugold Marching Band has become one of the most active and energetic groups on the UWEC campus. In 2004 the BMB gave ten performances, including half-time at a Green Bay Packers game, four Blugold home football games, one away game at St. John’s University, two exhibitions, two parades, and a stage show at Gantner Concert Hall.

In 2003 The Blugold Marching Band went through an image transformation, during which a new, more energetic style of marching was introduced. The unique style of the BMB combines the marching style of drum and bugle corps with the high energy level of some of the great show bands of the south. The result is powerful and exciting and is sure to enliven any crowd.

Membership is open to students of any major and represents virtually every discipline and department on campus. While music majors are still the largest single group in the band, non-music majors now make up 55% of the group. The size of the band has almost tripled in the past five years. Of the five university marching bands in Wisconsin the BMB is second in size only to the Badger Band. At 172 members it is also one of the largest NCAA Division III bands in America.
